

Celebrating World Water Day

Date: 22-Mar-2014

Program co-ordinator: Dr. Chintan Pathak

Speaker: Mr. Salim Somani, Program Executive, All India Radio

Department of Environmental Science & Engineering celebrated world water day for the 2nd time with the theme of **'The Water-Sensitization amongst Youth'**. On the occasion Mr. Salim Somani, Program Coordinator (Environment Engineering), All India Radio, Rajkot was invited as chief guest & speaker. This event was organized for all the students of ES department. The event was organized in two sessions starting from 10:30 to 13:00. The speaker enlightened everyone about the importance of water in our life in unique ways through slideshows & various gaming, quiz & skit sessions. He congratulated students for opting for ES because they can change the future. He was impressed by the knowledge of students on current scenario of water pollution problem. On this occasion he let the student hear the live broadcast on AIR, which was a discussion about Water pollution by Dr. Chintan Pathak which left the students thrilled.
