About the Company

Borosil Glass Works Ltd. (BGWL) is the market leader for laboratory glassware and microwavable kitchenware in India. It was established in 1962 in collaboration with Corning Glass Works USA. In 1988, Corning divested its share holding to the current Indian promoters.

Our Scientific and Industrial Products (SIP) division sells laboratory glassware, instruments, disposable plastics, liquid handling systems and explosion proof lighting glassware through its network of 150 dealers spread across the length and breadth of the country. The BOROSIL® brand represents quality, accuracy and dependability, and all leading pharmaceutical companies, R&D labs scientific, health and educational institutions have been loyal customers for the last 50 years. Our glass has found use in over 2000 different products and applications, in areas as diverse as Microbiology, Biotechnology, Photo Printing, Process Systems and Lighting.
