About the Company

The seeds of **Rajan Techno Cast Pvt. Ltd.** were sown in 1992 by Mr. Parshottambhai Patel, with production capacity of 20 Tons of Lost Wax Investment Castings per month. Since then we have progressed exponentially and today the company produces 100 Tons of lost wax Investment Castings per month. Till now we have developed more than 1500 components applicable to a wide range of Industries and today we are one of the largest manufacturers of lost wax investment castings in INDIA.

The success and continuous growth was only possible because of the commitment to produce best quality Investment Castings with on time deliveries to our customers.
