Gaurav Gandhi

Assitant Manager: Placement Cell

ABOUT THE COMPANY:

Searce is a Cloud Consulting, Technology, and Business Process Improvement company with expertise in driving technology-led business transformation initiatives. We create products, improve processes and deliver delight. We put together a highly empowered team of self-

motivated individuals who love improving things. They are incentivized by customer's derived value & profitability improvements. Our analysts work on big projects in small team sizes and the team is generally comprised of a very diverse mix of tech and business professionals from varied backgrounds. Searce is a growth stage organization providing integrated service delivery in the IT/BPO/KPO, Product Engineering and Cloud consulting services space.

ROLE & RESPONSIBILITY:

- Plan & deploy Google apps for business and other cloud based solutions to end customers.
- Plan & implement migration of data from messaging servers (Exchange, Lotus notes, Linux MTA's and so on) to cloud applications.
- Plan & implement automated user provisioning setup via directory sync for LDAP enabled servers, configuration of SAML Authentication / SSO provisioning etc.
- Installation and Evaluation of 3rd Party Google Marketplace applications.
- Document deployment & implementation plans and work with customers and internal teams to provide clarity on project timelines.
- Proactively stay up to date with all the latest technologies concerning Google Apps product and the underlying technologies.

REQUIRED SKILLS:

- An aptitude for details - Strong attention to detail and ability to aim at perfection.
- Ability to follow-up with multiple stakeholders and get things done.
- Excellent interpersonal communication skills and an ability to develop and maintain professional relationships.
- Superior project management and organizational skills • Highly developed critical thinking and analysis skills.
- Think logically, learn quickly and translate into technical and layperson terms.
- Sound business judgment and an appreciation and interest in the 'big picture'.
- Ability to define and solve unstructured business problems.
- Ability to make decisions and defend them clearly.
- Self-motivation, independence and process driven thinking.
