ABOUT THE COMPANY:

The Company has its modern manufacturing plant in Rajkot, Gujarat. It is equipped with the latest power presses, Horizontal & vertical milling machines, CNC lathe machine, Radial drilling machines, Automatic Horizontal and vertical Belt type Polishing cum buffing machines, Bar Bending machines, fully equipped tool room, design department and a technically qualified quality control team. All required manufacturing processes under one roof not only helps us in meeting delivery deadlines but also gives us a better control on the quality of the final products. More importantly our infrastructure helps us to customize the product in accordance with the specific requirements of clients which may be in lines with material, finish or even designing. We are known not just by the quality of our products, but also the passion we have to create our products. For more info visit: www.steelo.net.in
